5-7 July 2005

Chairman  
Professor R K Dhir, Director, Concrete Technology Unit

Secretary  
Dr Mandy D. Newlands, CRU Administrative Manager

Our Ref: RKD/MDN/PH

15 June 2005

**TO WHOM IT MAY CONCERN**

Dear Sir

**Dr Larbi Belagraa, University Med Boudiaf M'Sila, ALGERIA (NID 555)**  
**Global Construction: Ultimate Concrete Opportunities**

The above named person has been invited to personally attend and present their paper noted below at this, the 6th International Congress, to be held in Dundee, Scotland from 5-7 July 2005. The paper has been accepted to be presented at the Congress and to be published in the Congress Proceedings.

**Title:           Admixtures Effect on Mechanical Strength of a Concrete Made of Recycled Aggregate**  
**Authors:       Belagraa L, Beddar M**

The event has received an excellent global response and over 350 papers will be presented from authors from over 70 countries. The hub of the Congress will be the Trade Fair with over 30 industrial organisations exhibiting. The Congress will be of interest to academics, engineers, practitioners, producers and users of the world's most popular construction material and will be a focal point for networking between academics and industrialists.

Yours sincerely

R K Dhir
