Ministry Of Higher Education and Scientific Research

University Mohamed Boudiaf M'sila

Artificial Intelligence House of M'sila

## 2nd International Workshop on Machine Learning and Deep Learning (WMLDL 2025)

### Program of WMLDL 2025, November 25, 2025

Tuesday 25 November 2025	08:00 - 09:00	Registration			At Ibn El Haytham Auditorium		
	09:00 - 09:45	Opening Ceremony			At Ibn El Haytham Auditorium		
	09:45 - 10:45	<b>Keynote :</b> Artificial Intelligence for Image & Video processing By : Pr. Aïssa Boulmerka (National School of Artificial Intelligence (ENSIA) in Algiers, Algeria) Chair : Pr. Samir Akhrouf (University of M'sila, Algeria)			At Ibn El Haytham Auditorium		
	10:45 - 11:15	Coffee Break			At Ibn El Haytham Auditorium		
	11:15 - 12:15	<b>Keynote :</b> Fundamentals and Frontiers in Machine Learning By : Pr. Samir Brahim Belhaouari (Hamad Bin Khalifa University , Qatar) Chair : Pr. Bilal Atallah (University of M'sila, Algeria)			At Ibn El Haytham Auditorium		
		Session 1 : ML&DL Applications: Drug Discovery, Education Chairs : Pr. Farid Nouioua (Univ. El-Bachir El-Ibrahimi BBA) & Dr. Brik Youcef (Univ. Mohamed Boudiaf M'sila) Room : Conference Room, 1st floor (Incubator Center)	Session 2 : Machine Learning Algorithms, Models, and Systems Chairs : Pr. Aissa Boulmerka (ENSIA, Algiers) & Pr. Bourahla Mustapha (Univ. Mohamed Boudiaf M'sila) Room : Expo Room, 1st floor (Incubator Center)	Session 3 : ML&DL Applications: Behavioral Analysis Chairs : Dr. Mahmoud Brahimi (Univ. Mohamed Boudiaf M'sila) & Dr. Ahcene Abed (Univ. M'sila) Room : CATI Room, 1st floor (Incubator Center)			
	12:30 - 12:45	13	Machine Learning for Drug Discovery: A Case Study on Classifying Ligand Activity for the 5-HT <sub>2C</sub> Receptor Elmir Hassen*; Ghazli Abdelkader; Boubchir Larbi; Daoudi Abdelaziz	38	Semi-Supervised Medical Image Segmentation with Foundation Models: Recent Advances, Benchmarks, Challenges, and Perspectives Mammeri Samir*; Brahimi Belgacem	15	Facial Emotion Recognition Using Deep Learning Approach Kadi Douaa*; Heltali Nada Erayhane; Agoune Rania; Gadri Said
	12:45 - 13:00	11	Behavior-Aware Learning Style Classification Using Multilayer Neural Architectures Hamza Lamia*	9	A Graph-Based Hybrid Clustering Approach for Detecting Complex Structures in Synthetic Data Nassira Lograda*	27	Self-Supervised Transfer Learning for Arabizi Sentiment Analysis Ouchene Lamia*; Bessou Sadik
	13:00 - 13:15	21	Deep Learning Architectures for Predictive Drug Screening: Advances in Neural Networks and AI-Driven Drug Discovery REZAZI Sarah*	39	A Systematic Review of Quantum Machine Learning: Taxonomy, Tools, and Future Horizon Bouras Wafa*	30	Multimodal Fusion and Artificial Intelligence for Personality Trait Assessment in Recruitment Processes: Application to Sensitive Environments Rofia Belakroum*

Tuesday 25 November 2025	13:15 - 14:00	<b>Lunch</b>					
	<b>Session 4 : ML&amp;DL Applications: Medecine, Bioinformatics</b> Chairs : Pr. Lamri Sayad (Univ. Mohamed Boudiaf M'sila) & Dr. Abdelhafid Benyounes (Univ. Mohamed Boudiaf M'sila) Room : Conference Room, 1st floor (Incubator Center)		<b>Session 5 :ML&amp;DL Applications: Speech Recognition, NLP</b> Chairs : Pr. Hichem Debbi (Univ. Mohamed Boudiaf M'sila) & Dr. Mounir Bouras (Univ. Mohamed Boudiaf M'sila) Room : Expo Room, 1st floor (Incubator Center)		<b>Session 6 :ML&amp;DL Applications: Detection Systems</b> Chairs : Pr. Allaoua Hemmak (Univ. Mohamed Boudiaf M'sila) & Dr. Salah Khennouf (Univ. Mohamed Boudiaf M'sila) Room : CATI Room, 1st floor (Incubator Center)		
	14:00 - 14:15	22	<b>Explainable AI for Heart Failure Diagnosis Using ECG and PPG : A Review of Methods, Challenges and Clinical Assurance</b>  Mohammedi Amira*; Tahar Mehenni	12	<b>Automatic Speech Recognition for the Amazigh Language Using Whisper</b>  Zaidi Ali*; Azi Mourad; Matoub Saida; Idir Lamine	37	<b>Recent Advances in Fire Detection and Localization using AI and IoT: A Survey (2021–2025)</b>  Ammiche Sarah*; Gadri Said
	14:15 - 14:30	24	<b>A Survey on Generative Models for RNA Design</b>  Benaiche Abla*; Gadri Said	16	<b>Speech Emotion Recognition Using Deep Learning Models</b>  Agoune Rania*; Nada Eryahane Heltali; Douaa Kadi; Gadri Said	36	<b>WakeUp AI – Fatigue Detection System</b>  Fayek Maarfi*; Youcef Brik; Bilal Attallah
	14:30 - 15:00	26	<b>Deep Learning and Explainable AI for Plant Disease Detection: A Comprehensive Survey</b>  Lantri Nour El Houda*; Chefrour Aida; Namoun Abdallah	28	<b>Creation of a Dataset and Development of a Speech Recognition System for the Amazigh Language (Kabyle)</b>  Azi Mourad*	8	<b>Cross-Dataset Evaluation of Feature-Based and Deep Learning Models for Crowd Anomaly Detection</b>  Nesrine Rachedi*; Heraguemi Kamel Eddine; Senoussaoui Ikram; Azib Toufik
	15:00 - 15:15	33	<b>A Hybrid ResNet50-PCA-SVM Model for Accurate Palmprint Recognition</b>  Bedjekina Kheira Fairouz*; Attallah Bilal; Brik Youcef; Maarfi Fayek	34	<b>Dynamic spammer detection using deep learning with temporal graph embeddings</b>  Hemza Loucif*, Samir Akhrouf		
	15:15 - 16:00	<b>Closing ceremony + Best Paper Award</b>					

The Second International Workshop on Machine Learning and Deep Learning  
Mohamed Boudiaf University of M'sila, November 25, 2025

# CERTIFICATE OF PARTICIPATION

It is hereby certified that

*Hemza Loucif*

Has contributed to the Workshop with an Oral Presentation

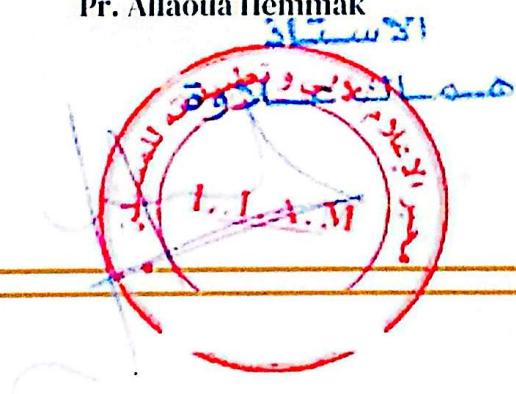

Entitled: *“Dynamic spammer detection using deep learning with temporal graph embeddings.”*

General Chair of WMLDL'2025

Dr. Tahar MEJHENNI

Director of the Laboratory LIAM

Pr. Allaoua Hemmaki

Director of A.I.I. M'sila

Dr. Said Gadri
